

THE HUMAN DIMENSION

in Medicine & Healthcare

This event inaugurates the **Health and Society** research cluster for the College of Humanities, Arts and Social Sciences (CoHASS). The cluster brings together experts from a wide variety of subject areas across the University, LKC Medical School, medical practitioners, and industry. The cluster will work towards increasing health literacy and health communication, analysing the social, cultural, and historical factors that influence healthy living, and conduct interdisciplinary research in partnership with medical practitioners and industry partners that impacts on the economy, society, public policy, health, and quality of life.
